Company Announcements Office ASX Limited Level 4, 20 Bridge Street SYDNEY NSW 2000

#### **ACTIVITIES REPORT FOR THE QUARTER ENDED 31 MARCH 2017**

Hampton Hill Mining NL (Hampton Hill or the Company) exploration activity continued to be focused on the Millennium Zinc Project held in joint venture with Encounter Resources Limited (Encounter), the project manager and majority owner.

The Company's other key assets are a holding of almost 10 million fully paid shares in Peel Mining Limited (Peel) and a 5% gross overriding royalty over all gold production in excess of 1 million ounces from the Apollo Hill Gold Project, where no work was carried out during the quarter.

Shareholders are referred to the current Peel ASX quarterly report for details of the progress that Peel is making with its substantial exploration activities centred in the Cobar district of NSW. During the quarter, the Company continued with the process of seeking new resource investment opportunities and this work will continue.

## The Millennium Zinc Project

Hampton Hill is in the process of earning a 25% interest in this project by meeting \$2 million of the first \$3 million of joint venture expenditure (HHM ASX release 23 April 2015 details the joint venture agreement). Total project contributions by Hampton stood at \$1,891,125 at the end of the quarter.

The Millennium Project area incorporates Exploration Licences E45/2501, E45/2561 and the four eastern sub-blocks of E45/2500, which are a portion of the Encounter Yeneena Project (Figure 1).

The joint venture planned drilling program to test the northern portion of the target, where previous drilling recorded a best intersection of 0.7 metres assaying 36.7% Zinc (*Encounter ASX release of 13 December 2013*), should be ready for implementation this July. An application has been submitted for this drill program to be co-funded under the WA Government Exploration Incentive Scheme.

#### JORC Compliance

The information in this report that relates to Exploration Results is based on information compiled by Mr. Peter Bewick who is a Member of the Australasian Institute of Mining and Metallurgy. Mr. Bewick holds shares and options in and is a full time employee of Encounter Resources Limited and has sufficient experience which is relevant to the style of mineralisation under consideration to qualify as a Competent Person as defined in the 2012 Edition of the 'Australian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr Bewick consents to the inclusion in the report of the matters based on the information compiled by him, in the form and context in which it appears. The Company confirms that it is not aware of any new information or data that materially affects the information in the relevant ASX releases and the form and context of the announcement has not materially changed. The Company confirms that the form and context in which the Competent Persons findings are presented have not been materially modified from the original market announcements.
